

Blossom Place Car-Savings-Match Program

Transportation is a necessary part of life...school, work, grocery shopping, appointments...it all requires transportation. Once our girls have their own transportation their sense of independence and confidence soars. We'd like to help them with this huge hurdle by matching their efforts.

A Blossom girl will:

- Have a job for 90 days
- Have a driver's license
- Save at least \$1,000
- Have 90 days of insurance in the bank

Blossom will:

- Match their savings up to 2,000
- Pair them with a qualified person to shop for a car
- Assist with securing insurance
- Annually offer a car maintenance workshop
